

David,

Please see below for a "thank you" reference from Dardanella.

"For months before our trip to Fiji David and his crew were assisting us with whatever information we needed. For a boat that loves to throw a wrench in the mix, everything went off perfect. From arranging the local excursions or guides to help with provisions and shopping Yacht Help Fiji was excellent. They made it very clear to us right from the get go that we were important clients and that they would go the extra mile to ensure that we, and the owners had a fantastic trip while in Fiji.

On behalf of the owners and crew of the Dardanella, a big THANKS to Yacht Help Fiji."

Cheers,

Brady MacDonald

Captain, M/Y "D A R D A N E L L A "
