Reference letter for Yacht Help Fiji

This letter serves as a recommendation for David Jamieson and his team at Yacht Help Fiji.

INDIO is a 100ft sailing vessel that cruised the Fiji waters from June 2014 until November 2014. During that period, the company Yacht Help Fiji acted as our sole Superyacht agent representative.

David's local knowledge and his team proved to be key to the success of our stay in Fiji and the Lau Group. Having someone answering the phone any time you need to and assisting you with whatever the boat needs is definitely what each superyacht captain is looking for, and once again David and his team exceeding my expectations.

Using Yacht Help Fiji made all aspects of running a SuperYacht in such a remote place very easy and stress-free, from custom clearance to food provisioning or fuel bunkering in the most deserted place of the Lau Group. Regardless of your demands, Yacht Help Fiji are the ones that make it happen.

Without them, INDIO would not have had the same success in its cruise, and I have no problem recommending David and his company Yacht Help Fiji to any boat visiting Fiji and the Lau Group.

Yours sincerely,

Mark Fliegner
Captain S/Y INDIO
