To Whom it May Concern:

My Name is Paul Middelberg and I am the Skipper of Swan 6821R, Titania of Cowes. Upon my initial arrival into Fiji I tried to work around the assistance of an agent and immediately second guessed that thought. After five hours of cab fares, and multiple bureaucratic offices, I was nowhere close to obtaining my cruising permit. Further, they were telling me that they needed copies of the passports for all the guests that would be visiting the vessel, I had no idea who would be coming, and I wouldn't until they got off the plane.

Eli, the Queen of Denarau, solved all my issues. Within hours I had my cruising permit in hand. My Chef after looking far and wide for good herbs and produce was left with a selection far from the standard she was expected to serve. Again, Eli to the rescue. Her staff was able to track down restaurant quality goods, and have them waiting for us on the dock as we did six hour turn arounds.

The rest of the services offered by Fiji Yacht Help were outstanding. I had help with electrical issues, parts, shipping, fueling, and customs. They are worth their weight in Gold. If you have a tight schedule and yachting standards, they will bring a smile to your face, making life easy and enjoyable while at Port Denarau.

If you need to contact me further, please do not hesitate.

Regards,

Paul V Middelberg
