Asia Pacific Superyachts NZ prides themselves on the worldwide acclaim they have received for "outstanding service" provided to Superyachts visiting used Zealand.

To ensure continuity of their seamless shoreside support and service, they now have a dedicated agent working to support the growing superyacht industry outside of Auckland.

Karma Butler is used Zealand born and has recently returned home after nearly a decade working on Superyachts as a stewardess and purser throughout Europe and the Caribbean.

"Karma's vast experience working directly with owners and guests and knowing exactly what high level of service and support is required is a great asset to the company and will be welcomed by those in refit and cruising," says Managing Director, Duthie Lidgard. "Karma's refit involvement in yards around the world is also vital to our Northland expansion. We have made the investment to support our clients across the various used Zealand yards including Whangarei" adds Lidgard.
