Coming on board Asia Pacific Superyachts Indonesia as the Operations Manager is Thomas Taacjes, report Richard Lofthouse and Captain Jimmy Blee of APS Indonesia.

"Thomas grew up in Phuket after his parents sailed their yacht there and stayed. The ocean has remained a passion and he is an accomplished surfer as well as sailor, making him the perfect fit for life in Indonesia, working with the best yachts in the world", Richard commented.

"After finishing a refit job in Thailand as well as some captaining and crewing roles, this felt like the next challenge for me to take on", Taatjes said. "I am just thrilled to be in Indonesia and part of the dynamic team that makes cruising such a huge archipelago possible. It is very exciting times for us."
