

Letter of recommendation  
Asia Pacific Superyachts - Phuket

7<sup>th</sup> September 2024

Motor Yacht Galileo has spent a lot of time cruising Thailand over the past two years, working closely with Gordon, JoJo and their team at APS. A more professional service you'll struggle to find anywhere in the world, never mind Thailand.

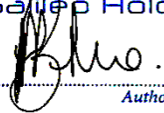

Their team go above and beyond to ensure you are supported in every sense. They are quick to attend to requests, efficient and deliver in good time, and their documentation and record keeping cannot be faulted.

They are a pleasure to work with. In a cruising region where operations and communication can be really challenging, they take the stress out of it and allow you to focus on providing the very best experience for your guests.

I cannot recommend them highly enough.
