To Whom It May Concern

Dealing with Yacht Help Fiji was a wonderful experience, the service and support was second to none. Eli, Tupou and David always welcomed every query and request with a smile and no task was too big a challenge for any member of the team.

Their local knowledge proved helpful and the trip itineraries were without doubt some of the best Exuma has done to date. David gave always accurate information concerning remote destinations and provided always the right contacts.

During our stay in Fiji we a European Head of State invited by the Owner for a cruise of the Yasawa Islands. David arranged the diplomatic protocol in the smoothest of manners and was a major contribution to a very enjoyable trip.

I would not hesitate to recommend Yacht Help Fiji to any other captain and his crew looking for an honest and hardworking agent in Fiji.

Many Thanks,

Adolfo Oria
