To whom it may concern,

This is a letter of sincere appreciation to Yacht Help Fiji, for the help and knowledge on cruising safely around the Islands of Fiji. Their constant support and help made the cruise of owners and guests a very successful trip.

David and his crew were exceptional with the service that they gave us, concerning all paper work, importing parts, arranging documentation, helicopter trips, organizing all arrangements for guests, and private tours on any of the various Islands of Fiji.

I would highly recommend their service to anybody else, and I would also use their service again without doubt, if we ever return to Fijian waters!

Sincerely,

Federico Biatturi

Captain,

SY Zefira
