The Royal Langkawi Yacht Club (RLYC) plans to redevelop its club and marina to meet the demands of the sailing and yachting community, according to Capt. Charlie Dwyer of Asia Pacific Superyachts in Langkawi, Malaysia. Club facilities will be closed until the end of October to accommodate the expansion.

The 205-berth marina is on the southeast corner of Langkawi Island close to the island's main town. The Langkawi archipelago comprises 104 jungle-covered islands, only two of which are inhabited.
