APS Singapore's Scott Walker, coordinating the APS/ North American Boat Services Exhibit, comments: "As a founding member of the Superyacht Singapore Association (SSA), my motivation and that of Asia Pacific Superyachts collectively is to strongly support the Superyacht industry in our APS areas. From my vantage point in Singapore and that of my APS colleagues, many clients aren't familiar with the areas we represent and have very specific needs and desires which are much different from what goes on in the [Med](#) and the [Caribbean](#).
