

Asia Pacific Superyachts Opens Office in Whangarei, New Zealand

Asia Pacific Superyachts has opened an office in Whangarei, New Zealand.

The office to the north of Auckland will service and support vessels whilst in refit and cruising in the Bay of Islands and Northland.

Asia Pacific Superyachts New Zealand has also appointed a dedicated agent to support the growing superyacht industry outside of Auckland.

Karma Butler is New Zealand born and has recently returned home after nearly a decade working on Superyachts as a stewardess and purser throughout Europe and the Caribbean.

“Karma’s vast experience working directly with owners and guests and knowing exactly what high level of service and support is required is a great asset to the company and will be welcomed by those in refit and cruising,” said Managing Director, Duthie Lidgard. “Karma’s refit involvement in yards around the world is also vital to our Northland expansion. We have made the investment to support our clients across the various New Zealand yards including Whangarei.”
